COLLEGE NOTES

"FOUR-FOLD EDUCATION"

college

"Four-Fold Education"

I am deeply interested in educating our fine young people, & By ed. I mean more than the development of the physical & culture of the mind, but the That is important If a person is to do their best work in life he he must have a strong body. If the Imperfections & weakness may be remedied, Most of our physical weaknesses can be materially bettered if one will set about the task as Theodore Roosevelt did

H.K. Trumbull tells of a man whose books were spoken of contemptuously & who said "You have no right to find fault with my books, & am just what God made me." "I know it & that is what I am blaming you for," said his critic "You have never made any improvements on yourself".

I believe we ought to improve on what has been given us. These athletic sports are fine.

—

Impressed & often surprised at the splendid development of our young men who went into the service. As Chairman of Selective Service Board - the

Though the young people you equip & send out does religion be propagated —

Exalt Christ —

Life the best interpretation of the religion we proclaim. Churchmanship is not a mere doctrine or philosophy or dogma or an institution, but a life permeated & controlled by the Master. The greatest sermons we may be able to preach will be the interpretations of the teachings of Jesus into life. Such a life will be in all respects a good life & goodness is contagious & is compelling.

We have no finer illustration of this statement than in the lives of your people. They have the spirit & gentle graces of the Master

Must of course give attention to the training & disciplining of the mind. Marvelous capacity for development. The Human Brain wonderful

We must not stop at caring for & developing the physical & intellectual, but must give attention to the Spiritual

The spiritual is slower of development than either mental or phy. It is hindered of finer material, more sensitive & must be nursed tenderly, but it is the mightiest power & most irresistible force a nation can possess — the development of the spiritual. No people can become really great without it.

This form given to a people is illustrated in the history of the Hawaiian people. ~~Some~~ A few years ago I visited Honolulu. A great celebration was in progress. (descendants)

We must prepare our young people for care & safe leadership

Character building
