COLLEGE NOTES

"ADVICE TO COLLEGE STUDENTS"

"Advice to College Students"

Welcome on behalf Board of T.
Happy to have you here -
Just why are give so
much time. Young people like
you - just you.

I congratulate you on having
desire, the ambition to secure
an education

Nothing more worthwhile
in life than an ed. The
greatest asset & enables one
to get along in life

The ed. person not only lives in
a larger world but his
chances of getting on in life
much better.

Dr. Frank Crane.

Larger salary - Higher grade
of positions opened when

No age in world's history more wonderful than this & I am thinking to you, who are on threshold of a new day, will see a still more marvelous

I would love to be with you

I congratulate you in being here in C.C.C. — Cong. not only because this is a good school with splendid faculty, but chiefly because here we build Christian Character. While you are getting your mental & physical training the process of character building goes quietly on.

The value of a good character

The mind & body must be
trained & developed, but better
is the culture of the spiritual
This sensitive & delicate but
most powerful force.

Chinham College, Jesus real

Get your eyes open to see the
deepest & sweetest things of
life. Jesus said you have
eyes to see but don't see.
Blind to the richest & most
beautiful things in life. We
hope here to open your eyes
so many of these you can see.

President Coolidge made
some splendid remarks on
this line in a recent speech.
The ed. where the spiritual
neglected was a menace,
rather than a blessing

Give attention to body.
Much depends on physical.
Sad to see a bright mind
in a body it can't use

You can never do your
best work in life unless your
body is supple & strong

Take regular & proper exercise
Don't think you can neglect
or mistreat your body without
paying price. You may for
a while — man I know — many
in sanitarium hospitals today.
Teach yourself to walk
erect & with an elastic
easy step. This not
only good for health, but
gives you a bearing that
will help you in life.
~~never get careless slopping in your~~ get
~~person.~~
Young lady going to music
lesson the last week of
her four years. The dignity —
the evidence of culture, etc

never get careless & sloppy in your person, & or manners. Your character & your life, your reputation & your influence will quickly slide into harmony.

Your mind, that marvelous thing, must be trained & disciplined. It can be developed so it can perform wonders. Do you see the performer his effort as a tumbler, riding or bicycle balancing, the musician Never abuse it. Don't throw trash into it. If you do it will soon be unfit for the best in life. ??

This has been committed to you for culture, for development so it can think the very thoughts of God.

Social life. We are social beings. Must give attention to this.

Not only learn the correct & proper way to handle yourself on every occasion. These must be studied.

There is a lot of the animal in us. — Don't permit that element to control you.

Be gracious in speech & manner.

Cultivate that ~~grace~~ spirit of cordiality, & friendliness, not familiarity that will put you at ease with any one. Some cannot meet others gracefully. Two men with me Summers. & Lewis.

Have good time — form friendships — Like those

Make the years count. Lay deep the foundation for a great & useful life. The opportunity is now yours.
