My own dearest Love M. A. E

just a few lines in answer to your dear
letter which I received June 22

Please lend me one of your little
pictures a Button type I suppose

things looks better in year old

America now since our Boys is back

those those there burned into H

You spoke about the Germans

capturing 18,000 prisoners it is

a big lie the papers over there

always wanted to make things

Bigger just to sell their stock
You know that there is German propaganda in those offices where those papers are printed and the sooner the better. For good loyal Americans I would not trust a German American no more than I would a German. But they are a lot of D. Cut those rats, but we will make many of them bite the dust before we come home. I hope to God we will. There is everyone knows how are you. Do you think now I suppose you got the Blues once in a while. Well we all get them once in a while. May be the will all stop when I see you again. I wish I could see you once in a while. That’s what I want. I am looking forward to seeing you. Yes, I told you just one letter well they may forget one but you won’t I am longing for the day that this war will end. So I can come back to your arms once more. You said you were coming to meet me. I hope you will. Worcester, my poor.
