My own dearest Maymu

In answer to your loving letter which I just received
and I am so glad to hear from you that I will answer right
away I don't wonder that you
be thinking about me all the time
for there is not one minute of the
day that I forget you as far as
I care about a girl in France
I don't want to tell you there is
lots of them that fellow told you
the truth you can get one every
10 feet you walk in some places
and you don’t have to pick them up either they will pick you up but let me tell you that all americans don’t fall for pretty faces and good looks I would rather live in a wilderness with you than with the best girl or woman in France. I. She had the weight of herself in gold.

Poor old Tom is dead at last well he lived a long time my poor father is 77 and he is alive yet as for the towns and cities here there all built of stone and tile roof sand let me tell you I seen a good many towns now and all of them is the same I was on a half another day I counted 23 towns that I could see with the naked eye now you gave me the beckons for joining the A.E.F. Because I was over 31 now it was better for they will draft them between 1884-you say who is she fellow that was talking about me to you do I know him well if I don’t I don’t want to know you said we will surprise them we would have surprised a good many the first time I asked you only you did not want
