Dear Mother:

Well Mother's day is almost over for another year. It's 8:30 PM & this is the first chance he's had to write you all day. I hope you got your card today. These special days sure make me homesick. I hope though that I'll be home for all the holidays in 1944. It sure is funny how a war can change the life of people isn't it? A few short years ago I was a kid in high school & had no dreams of ever seeing England except especially in these conditions. One of these near years tho I'll be back home & you'll have grandchildren to enjoy on Mother's day. That time isn't too far off either for the law of averages is beginning to work against the Axis pop powers. You know how much I would have liked to see you today & give you your kiss in person but you'll have to take our love for now - I love you with all my heart
Your son
Kenneth.
