Sunday August 5

Dear Family,

I am as of now established in a very nice apartment overlooking the harbor and about 10 minutes from school. You can't imagine how great it is to be able to look forward to two years less at school. You two years. When I got checked in the man at the science office asked me what I was interested in, I said Oceanography, and within the hour I was in the two year Meteorology-Oceanography program. I am very happy about this but it looks like a great deal of work.

The Army has a huge fancy hole at Fort Ord and we can play golf on their 18 hole course and use all their facilities so it is great. I played 18 holes and got a 117 the first time around using left handed clubs issued from special services! I have in fact been having a really nice time

with Pierre Lodyron, the XO of the Pluck who came
up here with me. However I miss Monquitt and
Weega. You say that you wonder if we were more
than friendly I will you can talk to Dad about that
because he talked to me very seriously before I left.
I can honestly say that I have never enjoyed anyone
or any time as much as I did while home with
Weega. She is my sweet and I'm afraid I fell in
love really for the first time in my life. But
what a responsibility to take on. That's the mean
part of it.

Please send any clothes that I may have
left behind. My apartment address is:

254 Larkin St. Apt 1
Montreux, California

If you use the other school address include Box 1044.
Lots of love to you both and thank
you for giving me such a wonderful vacation.
Love, Paul
