Dearest:

Just a short note to tell my Darling that her Pop is missing her so very very much. Can't help thinking of you even for a little while and always looking forward to the day when I may be with you even if only for a short time. The first thing I think about on awakening is my morns also the last thought before falling off to sleep.

Good-night Dearest, sweet dreams hoping you can always feel my love in your precious heart. Love me always morns and you will have my love in return.

Kissing + Loving you Good-night.
