Dear Honey:

Here I am still in the bunker, but feeling really good too. So I had nice rest this afternoon. I went to sleep about three this afternoon. I didn't get up until 3:30 and had nice show of C-rations. We came in at 1345 this afternoon. It was rather hot but it's really cool here now. The Army boys are the only ones that are still busy, giving Charlie's this morning. We had been operating with the Marine on this last week and made no casualties this time. I took the radio jeep on this trip and let the boys stay behind. Me and my greta had lots of fun and did lots of shooting too. Boy this place is really beat up for the 52 tank Army and novel gun fire had been busy here for last three months. I had talked to the AD staffed this afternoon. I asked him to put the
request is for me for R & R for May.

In some about to drop to dead line.

a great out my mind. Would you believe
I had lost lots of weight. The only problems
we have now is the water situation.

Yes, they lots of disease, but there lots
of dead Charlie's all over the place.

The water we get is from the 1st
the copper being in for us. We of everything
of like it had been planned. This operation
should about occurring about 26 or 37 of
this month. Yes, dear, I might sound like
Jim crazy. I rather be out there then
being in De Nang. Remember the last time
I have to stop writing you for they
started shooting. They find six of ass
hole just inside of the compound. Now
the hell they get there. No one know.

I think they have been inside of the
compound all this time. That how the life
are lousy. I'll try to stay out here with the
long for I was pretty miserable at DeNang.

the last time I spend there, I didn't make
the tube run. Well dear, I hope you feel
received the little package by now.
The last news for the night is that
we're getting their meals in the
morning. So this is something that
we have to look for. And this is the
first one since we came up there.
Will dear I had to close door. But I have
sheep on the sheep. At 0343, 19 April and it's
11:30 18 April
May God bless you and take care of
you. Give me best love to the kids
for me dear. I love you and the kids

Love
Dad
