Dear Folks:

Arrived here OK last night at about six ten. Made good connection all through and had a very pleasant trip.

Everything has changed down here since I left. Several inspections have taken place by the divisional staff and general Bell and everything we have has been checked up. It is very probable that we will leave within the month.

The weather has also changed considerably. The nights are pretty warm and the days are really hot.
It is very warm, riding & I was wringing wet all day. We will probably make our final try to the rifle range tomorrow. We will stay there about a week & probably take our last course of shooting in this country.

With the coming heat all the boys are just crazy to move as it will be impossible to work or drill down here in a few months.

No further news. I will close with love to you both from

Please excuse pencil.

Yrs.
