Dear Mother,

Just a few lines to tell you that I arrived safely overseas. Just now I am sick with the mumps and am in the hospital but I will be out again in another week. Don't worry about me because I will take good care of myself and I think that before many days we will all be together again.
Have you heard from Clarence and Vanil late? I may have a chance to see them once here. I'm going to write to them now and see if I can't locate them.

I certainly saw some pretty places since I left home and could tell you many things if I was allowed to write about it but we dare not say anything that might help the enemy.

Did you tell Ed and Amanda that I was over here? I didn't tell Ed that I was over here because I don't think I know his address.
Have you received the allowance yet? You may not get it until another month but will you let me know when you get it? Tell Clara to send that jar of face-cream as soon as they are allowed to send things aipceosed.

I will write you a letter every week and tell you how I am getting along so don't worry about me because I will take good care of myself.

Your loving son
