Harling,

Today was a wonderful day - three letters all written on the same day from my Pap, and such wonderful ones too.

Honey, I want to love you so much always and always. Oh, I'm so sure we'll make a wonderful life together, working, playing and loving - the only thing is I'm impatient. I want to be with you now each day - right this minute. I want a great big kiss and I want to be so very close to you when you kiss me.

I'm very anxious to hear the news about your future. Hope it isn't going to mean more distance between us. Is it very nice news? or not so good?

The picture you wrote about sounds good and it's a "date".

I'm very proud of your commendation from your chief - but I knew you were good before that. Keep up the good work 'cause now you have someone to really go around bragging about you. Do you mind?

Honey, your remarks though reserved show me that I have chosen the way out of our "difficulties" that will make you the most contented at the present. Saturday

afternoon will be it. When you call me this weekend I can tell you something about it that is if the operator isn't ⁴dropping. Anyway you can say a little prayer for your Mom that all will be well both now and in the future when we actually mean to raise a family.

I'm very tired as usual lately and don't feel too extra. Rich & I took a walk while the show was on tonight. I thought of our walks together at the same time I might over the same territory. I sure wanted to be with you.

I guess I won't be able to rest much next week though I know I should for several days. I don't know exactly how to get out of going to work without it being too obvious. Perhaps I'll figure something out.

Wish I could keep up with your summer tan. I'll look like a ghost beside you with the tan you say your getting. The weather here is the limit - cloudy & chilly all the day never a really nice warm beach day. Hope it picks up - though it stayed this way almost all last summer.

Got to go to sleep now my darling - wish it could be curled up in Wally's arms. How wonderful I feel just thinking of it - I remember those beautiful nights and think only in dreams of many more to follow. I love you dearest.
yours, Florence

Darling,

Today was a wonderful day – three letters all
written on the same day from my Pop,
and such wonderful ones too.

Honey, I want to love you so much
always and always. Oh, I'm so sure
we'll make a wonderful life together,

you now each day – right this minute
I want a great big kiss and I want to
be so very close to you when you kiss
me.

I'm very anxious to hear the news about
your future. Hope it isn't going to mean
more distance between us ! – is it very
nice news? or not so good?

The picture you wrote about sounds good
and it's a "date".

I'm very proud of your commendation
from your chief – but I knew you were
good before that. Keep up the good
'cause now you have someone to really go
around bragging about you. Do you mind?
