Dearest,

I got your letter this morning and also the dollar in it. Thank you for the dollar, are you sure you can spare it.

about your question about coming in Hallucen or having me come in to Oberlin you know that is impossible. Do you remember what your mother said? Well even if you didnt remember that I did. I know your mother said that because she thought it was for our own good. So don't just take that for granted.

When I wrote you about the sweetest day of the year I wasn't trying to bring up anything to you about the good points of another fellow. What I was

2

trying to do is find out if I mean
as much to you as I did last year?
It's really little things like that
that mean so much, and then
you forget them. They hurt so
much. You may not realize
that but they mean so much
to a girl. But please try to
forget it and we won't say
nothing more about it.

I don't know why but I
feel so down in the dumps, and
I kind of guess it's all an account
of you. Why do you get me so
low?

Sunday Zella & I went to the
show. We saw "Knight without
Armor" with Marlene Dietrich and
Robert Donat and that was swell,
and also "Sing and be Happy"
with Tony Martin & Leah Ray.

That wasn't so hot. But it was rather entertaining.

Of course I'll be glad to see you. I kind of guess that's what we need is to see each other to bring us out of our slump. Just imagine opening the door and who would be standing there but Jack.

"My Darling" "Am I blue" "Just thinking of you" "because you're in "Beautiful Ohio" and "I'm Far, Far away" "I'm missing you" and wishing you were "In the middle of a kiss" with me. "I love you truly" and hope that you will too "always. Soon, maybe not tomorrow but soon" we will have our "cabin of dreams" and

then you get "a little kiss each morn'
and a little kiss each night." and
maybe we will have a "Kid in the
three cornered pants" and he will
call you "my Dad" and me "Mother"
and then "Let's grow old together"
and "Come to the end of a perfect
Day"

"your Babe"

How you like it?
almost as good as yours huh?

Yours,

Evaluel,
