Darling,

I got your letter to-day and

dearest, I'm so sorry that my
letter sounded so strange. But that
was because I was so busy to
got that letter out to you in time,
now you would rather have a short
letter than no letter at all.

Isch honey what happened to your
feet? If you dislocated it, it would be
swollen. Is it swollen? Now honey,
please take care of yourself. I don't
want my boy to be sick or have
something happen to him. It would
break my heart if something would
happen to him. So please take very
good care of him for me.

I'm just sitting here and listening
to a song called "Your the one hope
that's left in my heart," and it just
reminds me of that night that I
was going leave you and you

were pleading with me not to go
and you said that I was the only
soft spot in your heart and if I
left you would become hard and
nothing could break your resistance
than. Somehow that song just
reminds of you. But darling I
really don't think you could possibly
become hard. You're so sweet. Darling
never become hard with me because
I guess I just couldn't take it
eye, honey. I knew what your
postscript it your letter and I
do hope that you are right. We
certainly have plenty to conquer,
but we will conquer it all some
time, sweetheart.

Boy it sure is cold here now
I wish I could hurry up and get
a job so I could get a coat. At least
you'll have a coat and a jacket and
some warm sweaters. I wish
I was so big a you could wear some of your clothes, if I ever a fellow

Yes, dear I read the story in the Detroit News that you spoke about in your last letter. "The Sign of Tost". That was a cute story about it?

I'm home with the hogs this afternoon. Yella went downtown this afternoon. Yells on a suit now and she has lost 10 lbs. So if you want to get on the right sleep, tell her how much thinner she got. That her one weak point.

Do you know what dear they say when you write big ital means you have some generosity. Not that I'm insinuating any. But I do write kind of big.
But they say that when you write small it means that you think everything out very carefully. So that must mean you.

Last night we went to Yella's rumming club and we didn't get home till almost 1:30, my my, we certainly are the old night owls.

It's so dreamy out here now. I do miss you so much darling. I wish I could see you just for a little while. I would feel a lot better.

Well honey, I close now with loads and loads of love your own,

Evebll.

Darling,

I got your letter to-day and dearest, I’m so sorry that my letter sounded so strange. But that was because I was in a hurry to get that letter out to you in time. Now you would rather have a short letter than no letter at all.

Gosh, honey what happened to your toe? If you dislocated it, it would be swollen. Is it swollen? Now honey, please take care of yourself I don’t want my boy to be sick or have something happen to him. It would break my heart if something would happen to him. So please take very good care of him for me.

I’m just sitting here and listening to a song called “You’re the One Rose that’s left in my heart.” And it just reminds me of that night that I was going leave you and you
