Open Access Databases:

Directory of Open Access Books: <https://www.doabooks.org/>

A service to increase discoverability of Open Access books. The directory is open to all publishers who publish academic, peer reviewed books in Open Access and should contain as

CHAPMAN
UNIVERSITY

Leatherby Libraries

many books as possible, provided that these publications are in Open Access and meet academic standards.

Directory of Open Access Journals (DOAJ): <https://doaj.org/>

An online directory that indexes and provides access to high quality, open access, peer-reviewed journals across many disciplines.

Open Book Collective: <https://openbookcollective.org/books/>

Open access ebooks from a variety of academic book publishers, including African Minds, DOAB & OAPEN, Open Book Publishers, Punctum Books, and more.

Redalyc: <https://www.redalyc.org/>

An open access database of scholarly scientific literature hosted by the from the Autonomous University of the State of Mexico. Originally developed for Central and South American literature, it now hosts scholarly journals from around the world. Most content is in Portuguese or Spanish.

SciELO: <https://scielo.org/>

An open access database of scholarly scientific literature (journals, books, and data) from 16 countries in Central and South America as well as Spain, Portugal, and South Africa. Most of the content is in Portuguese or Spanish.
