Dear Emmy & Henri

How very kind of you to send me the "Boggle". From the one quick try that we have already had with it I can see that we might easily become addicted - I suspect too that my official correspondence might even become more erudite by my beginning to include words of more than three syllables.

But even more than the game I appreciated the thought that lay behind it and the love and good wishes for a speedy recovery. I am delighted to say that things are indeed progressing very well in my recovery from surgery and in the post-operative treatment. Unfortunately, as of this moment, it still looks as though we shall not be able to come to the Allegro Ball on 12 February because I may be then taking some restful convalescence in Sequoia after a week of rather hectic and enervating therapy although it has been well worth it for the results that it has been achieving.

We look forward however to seeing you again before long and to joining back with you in all the full swing and enjoyment of this "zing-a-long" City.

*With fond regards
As ever*

Yours

Tom & Eve
