Elizabeth Beeman

Larry Curtis is a distinguished educator and professional conductor. His diverse musical background is exemplified by his more recent guest conducting engagements which include performances with the Pacific Symphony Orchestra, the Los Angeles Philharmonic Orchestra, an "Imagination Celebration" concert in conjunction with New York's Lincoln Center for the Performing Arts, a live concert broadcast from Suisse Romane Studios in Geneva, Switzerland, a command performance for the "Society for the Preservation of Film Music" as well as conducting at the Hollywood Bowl. Larry Curtis is a recognized authority on wind band literature and has established an international reputation with performances and conducting engagements in Japan, Scotland, Canada, England, Austria, Switzerland, Germany and Australia.

During his 25 year tenure as Conductor of Bands at California State University, Long Beach the Wind Symphony was considered to be one of the nation's finest collegiate instrumental ensembles. It performed for region and national conferences of the College Band Directors National Association, American Bandmasters Association, National Wind Ensemble Conference, Japan Bandmasters Association, California Music Educators Association and the Music Educators National Conference. Curtis holds honorary life membership in Phi Mu Alpha Sinfonia, Kappa Kappa Psi and the California Parent Teacher Association. Additionally, Mr. Curtis is a member of Pi Kappa Lambda, the American Bandmasters Association and has served as President of the College Band Directors National Association, Western Division. Currently, Curtis serves the City of Long Beach as its Director of Music where his duties include conducting the nation's most distinguished professional community wind band and its related jazz ensembles. The Long Beach Municipal Band is presently enjoying its 92nd continuous year of service. Larry Curtis is an author, performer, educator and conductor. His sensitivity, interpretation and dynamic attention to musical detail offer audiences a truly exciting listening experience.

Curtis' latest achievement was the establishment of the American Winds Concert Band, a professional wind band of symphonic instrumentation, which performed its inaugural concert as part of the 1999 Hollywood Bowl Summer Season. This event marked the first professional wind band concert at the Hollywood Bowl; the American Winds have accepted a return fourth engagement for September 21, 2002.
