Dear Guy:

I have rarely been so fascinated and totally engrossed as in reading your Synanon book. It had such an irresistible hold over me that I spent several days reading deep into the night and reaching for the book upon awakening, with eyes still not quite focused. You must be immensely proud of this monumental achievement! The story of Synanon and its many extraordinary characters comes through with thrilling vitality and color. Especially, of course, its main hero, Chuck.

It had taken me some time to get around to reading Synanon, but I have been amply rewarded. Now Emmy is at it, and I see she is as oblivious to everything else as I was.

With warmest greetings to you and Henrietta.

Sincerely,

HENRI TEMIANKA
