Chapman University Wind Symphony

The Wind Symphony at Chapman University has earned a reputation for its breadth of musicality and consistently high level of performance. Since its formation in 1995, the ensemble has presented featured performances for the state conference of the California Music Educators Association (1997), the Invitation Band Festival at the Orange County Performing Arts Center, and the Orange County Millennium (1998). This season the Wind Symphony has been invited to return to the CMEA state conference for a featured performance and clinic on musical interpretation. While the ensemble is comprised of primarily music majors, students from all disciplines are invited to participate in the Wind and Percussion Program at Chapman. Goals of the Wind Symphony include the development of musical expression and individual and ensemble skills through the identification, rehearsal, and performance of the finest wind literature.
