Dear Henri Temianka:

Whenever we have received announcements in time the programs of your "Let's Talk Music" series have been listed in the weekly Calendar. It seems to me that the programs were mentioned once or twice in the Music Events column, but that is used largely for filler and many things have to be dropped out for lack of space when the page is made up.

As for reviewing the series, we did the first concert just as a courtesy and to let the public know what is going on. But when you put a title like that on a series of concerts, it takes them out of the purely musical category, and I don't think critics should be expected to sit through talking or lecturing by anyone at a concert.

With best regards,

Albert -
