Cochin

The Paris foundry Deberny & Peignot was the first to use this design in 1912 (also known as Sonderdruck, it was used by many other foundries in the 1920s). This version was created in 1977 by Matthew Carter for Linotype. Cochin, named after 18th-century printer Nicolas Cochin, has a small x-height, long ascenders and several unusual letter shapes, notably the lowercase italic. Cochin brings an unusual look to standard text or display work such as invitations, packaging, and advertising.
