Dear Mr. Temianka:

Nat Uhr called my attention to your article "Creators in a Creative Society" in the Saturday Review for September 23. I was proud to see your name in print as I had happy memories of past contacts. I liked what you had to say, too. I don't like the way things are going anywhere, but then I suppose that is why we are here isn't it? I mean our job is to improve matters just as you have.

I am working up here in Chicago having a lot of fun and I think learning a lot. Do you play here this winter?

Sincerely yours,

Karl Menninger, M.D.
