Kent State University

Dear Mr. Merrill:

When your letter of February 8 arrived, I was just on my way to Mexico City, where I conducted the local premiere of Shostakovich's 14th Symphony. I acknowledged your letter in long hand hurriedly, without a copy and don't recall whether I covered all the points. For one thing, in the course of our telephone conversation, I was under the impression that all meals would be included. Was I mistaken?

I am most interested in knowing what kind of program you have to keep my 15-year-old son occupied. Also I mentioned that I was planning to fit in a commitments to the University of Utah during my second week at Kent State. I shall look forward to receiving more details from you on this whole matter. I would also look forward to participating in some of the performances of the Blossum Festival itself.

Awaiting further news from you, and in anticipation of my collaboration with you,

Yours cordially,

HENRI TEMIANKA
