Dear Henry:

I was touched by your gracious note recalling our old friendship which has dated since our first acquaintance when you were the great white hope at Curtis in 1926! Since our re-entry to Los Angeles in 1946 this was a kind of a blossoming into a friendship which was touched on sixty years ago and now is of enduring friendship which has even survived my playing under your baton in the Doctor's symphony orchestra.

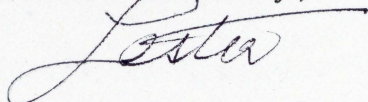

Regarding Rita's lack of a "hand-out" the other night at Yehudi's recital, I am certain that you will regard this as a transitory en passant wind and dart of Shakespearean passage of time which metaphorically should be considered as more water under the bridge of friendship.

We were disappointed in our blockade by fog when we had planned two Saturdays ago to come to your Pepperdine University final years concert. I am so sorry that I could not attend your wonderful and well-received Sunday morning concerts at the Taper due to our regular Sunday research meetings with our U.C.L.A. team.

As we are preparing to leave for London - returning three months later in mid-July, I am hopeful that we may have a joyous reunion - either musical or otherwise upon our return when we can share our travel experiences with you from China to Europe, once again.

Meanwhile, in lasting friendship and with love to you both - as always.

Affectionately,

Lester M. Morrison, M.D.
