Folks.

The soap is really great - we all
look beautiful, as you so aptly phrase it!

Here outside of comparing Guindelli's choc.
peanut clusters with those we buy in bulk
from Price Club no great intellectual events
are occurring. I was away 10 days. Touching
base in the East and when I got back yesterday
Bevoly (Va's sister) informed me she (Va)
had to go onto O_2 to ease her shortness of
breath and was in the hospital for a short stay.
We still don't know how effective the therapy
is, but signs are encouraging. However, the
next 3-4 weeks will tell us more and
until then, it is best to make no plans.
Well phone, for sure! I expect to get
a solid reading in the next few weeks.
Va is in good spirits and is enjoying
playing with the neaslemy we have installed
to dispense the O_2 , when needed. The doc
will be coming up with more ideas for
therapy in the meanwhile, onward & upward!

Yrs
& ☺

Folks,

The snap is really great – we all look beamish, as you aptly phrase it!

Here outside of comparing Ghirardelli's choc. Peanut cluster with those we buy in bulk from Price Club no great intellectual events are occurring. I was away 10 days. Touching base in the East and when I got back yesterday Beverly (Va's sister) informed me she (Va) had to go into O₂ to ease her shortness of breath and was in the hospital for a short stay. We still don't know how effective the therapy is, but signs are encouraging. However, the next 3-4 weeks will tell us more and until then it is best to make us plans. We'll phone, for sure! I expect to get a solid reading in the next few weeks. Va is in good spirits and is enjoying playing with the [[one word]] we have installed to dispense the O₂, when needed: the doc will be coming up with more ideas for therapy in the meanwhile. Onward & Upward!

Yrs.
