Dear Mrs. Brooke,

I was very pleased to receive a letter from you and glad to hear all is well.

Doree told me Dr. Brooke had his pilot's license. Now he will be able to spend some time in Fort Huorn. My father also has his pilot's license but very seldom uses it. I'm hoping to get my license when I return to the States.

I wish I could be in Fort Huorn to enjoy the lake right now. The lake being so cool and serene everything is very hot here.

I've been working hard as everyone does here, makes time go much faster when you work. I received your letter as I was living for an ambush so didn't get a chance to write to you. Ask my questions about Will and me.
When we are going out on patrol, operation or ambush we most often burn our letters so the Viet Cong don't find them. I have a hard time remembering what everyone asks when I don't have the letters to look back at.

Again I would like to say how very much I enjoyed your letter. It helps a great deal knowing friends at home are praying & pulling for us over here. I just hope good will come from this war & peace.

Sincerely,

Jack Stelly

P.S. Please excuse the mess this letter is in but every thing I have is dirty, even my self.

I hope your family has a very pleasant summer in Fort Hood & enjoy the cool lake, I think of it often.

Jack.
